

CSVBuffer::CSVBuffer

```
graph LR; A[CSVBuffer::CSVBuffer] --> B[CSVBuffer::loadLengthIndicatedRecords]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'CSVBuffer::CSVBuffer'. The right box is gray with a black border and contains the text 'CSVBuffer::loadLengthIndicatedRecords' on two lines.
